**Subject to Federal Management Approval**

Dear Michael and Matt,

Please see the attached draft consent decree. Please review and provide any comments, preferably by August 24<sup>th</sup>. If the timing poses a problem, please let us know.

In addition, to follow up, do you have any updates yet regarding progress on the proposed SEP, and the proposed mist eliminator system?

Thank you, and best regards.

- Pat

Thanks, Pat. We had no doubt you were working diligently on the draft!

We'll check with Tom and Steve on the controls, and follow up with the Lung Association. On the latter, they are eager to work with us, so we have no doubt that they are fine with administering the program. Obviously, the start date and other details would be dependent upon the finality of the Decree.

Michael

Michael and Matt,

Good afternoon. Just wanted to give you an update on the draft consent decree. We continue to work on the draft internally. We are making progress. We hope to have it ready for your review soon.

Do you have any updates regarding progress on the proposed wood stove change-out SEP, and the proposed smoke/odor control system (e.g., identification of specific system/equipment, timeline for construction, any more information that you can share based on Global's discussions with the vendor)?

Thanks, and best regards.

- Pat
